FIVE BIG IDEAS TO TAKE WITH YOU

AI predicts. It doesn't think.

Fluent isn't the same as true.

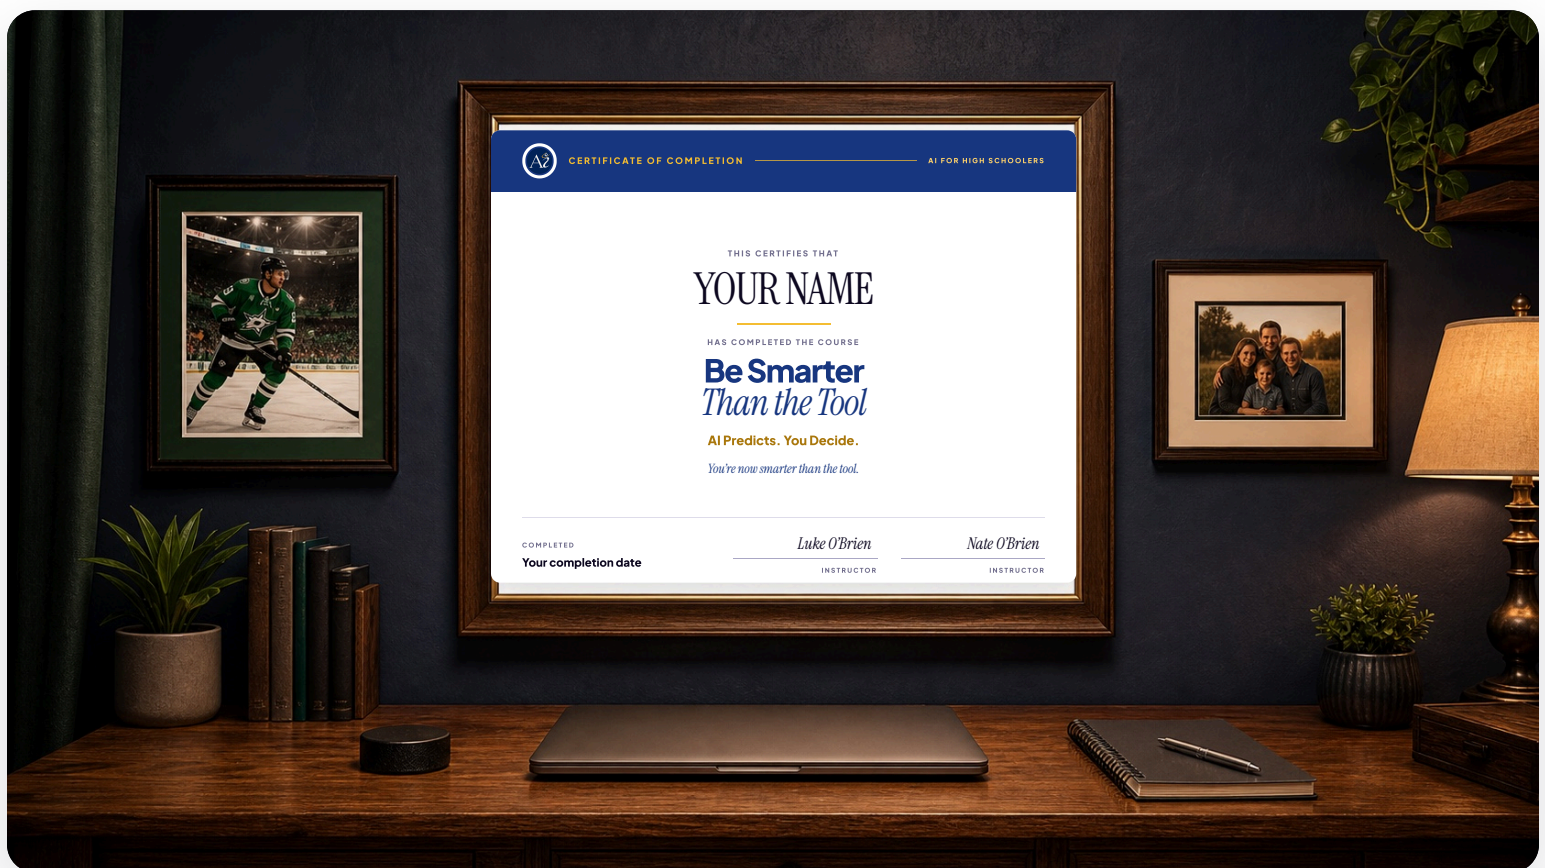

The more you know, the more it gives.

You make the call.

The better AI gets, the more you matter.

now you're smarter than the tool.

Everything you just learned ties back to those five ideas. Lock them in and you've got the mental model that runs every AI conversation.

Score 80% or higher to put your name here.

NOW PROVE IT

That's the course. Every idea you need is right above, and it isn't going anywhere.

So here's the last move: twenty-five questions on the fundamentals, no clock, and every answer explained when you're done. Clear 80 percent and the certificate is yours. Fall short and you'll see exactly which lesson to go back to, then you take it again. And keep an eye out for the finish: the six questions from the first page of this course are waiting at the end.
