

— FINISH SMARTER

The Full Loop

Seven steps, one workflow. You've learned each piece. Now put them together on a real assignment.

THE ASSIGNMENT

Class debate next week. Topic: School uniforms in public schools. Your side: against. You need 3 strong arguments and the evidence to back them up.

TRY IT

Seven steps. Drop them in order. Tap a step to pick it up, tap a numbered slot to drop it in. A slot turns green when the step is in the right place and red when it isn't. Move the red ones until all seven are green.
